

# Magento 2 Novapay Payment Gateway Installation Manual

## FTP Upload

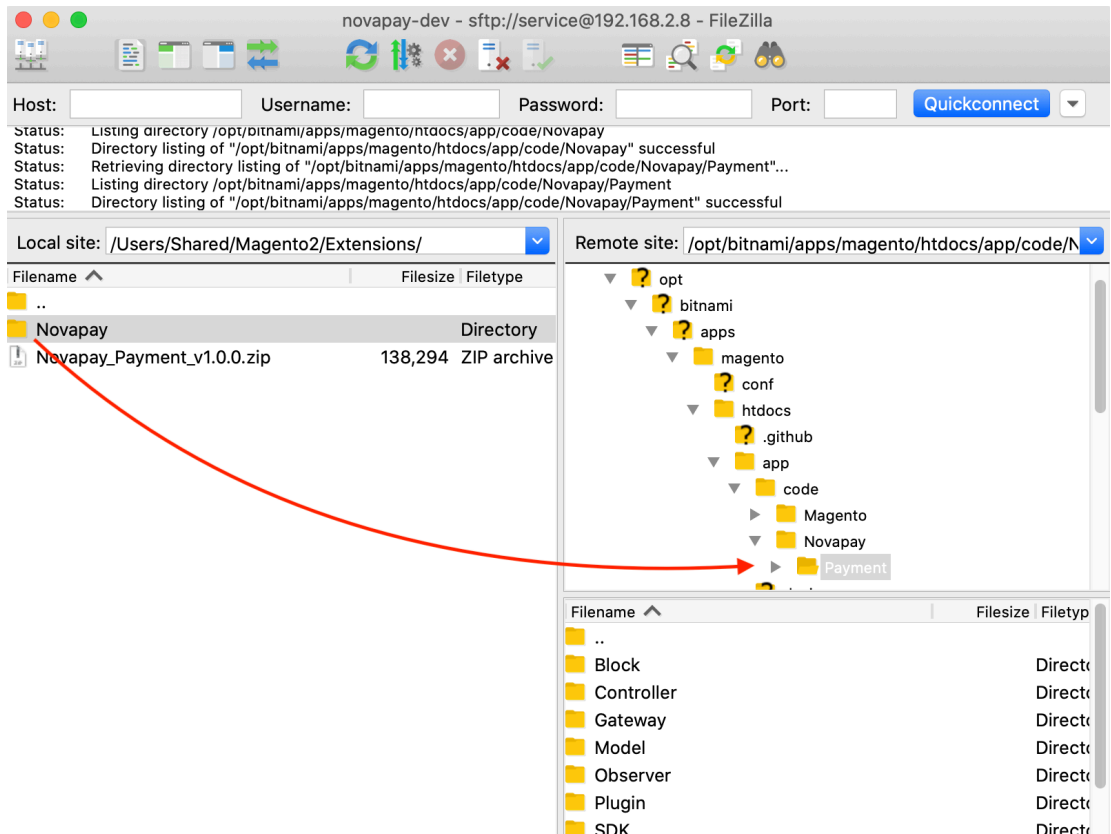

1. Upload files (example with [Filezilla FTP client](#)) onto your hosting (server/cloud):

- Connect to your hosting via FTP or SFTP

- Check the server location of the module, relative to your website root directory

`htdocs/app/code/Novapay/`

2. You can use any other available upload method, such as `ssh` ,  
`hosting panel file manager` , etc.

## Administration setup

1. Log in to Admin panel on your website, usually url is `https://your-webshop-domain.com/admin/` , but it might be changed in the configuration.
